- Promoting skills to more than 1000 women in urban slums
- Building an entrepreneurship spirit and enabling them to be financially independent
- Introducing them to banking system thereby empowering them to avail mainstream loan credit
- Creche facility to drop their children and participate in the training program

## WHY

- Empower women living in weak social environment
- Provide training aimed at income generation and economic independence
- Sensitize on women rights
- Enable them to maintain their standard of living even during covid

## PARTNERSHIP

### CORP – Community Outreach Program

Community Outreach Programme (CORP), a local NGO registered since 1977, works to support vulnerable women and at-risk children living in Mumbai’s slums. The organization, which started with just one center in Dharavi, currently works in 13 slum communities, with a total of 20 centers and over 70 staff members. Both CORP and Tecnimont Private Ltd have partnered for the “Women’s Empowerment - Tecnimont Programme” executed in the FY 2019-20.

## SDG’s

## ABSTRACT

Skill development centers were set up in different locations of Mumbai (urban & sub-urban) like Dharavi, Thane, Reay Road and Virar. Women were enrolled into Beautician and Tailoring courses there courses were held in batches – 6 months course for beginners and 3 months for advance tailoring along with a beautician course. These centers were managed by the trainers appointed for conducted training. CORP initiated a brand named ‘Story’ to sell the products stitched by the women during and after training. This initiative build confidence and motivated the women to develop their skills.
